

attitude self efficacy and students academic performance

Wed, 20 Feb 2019 17:52:00 GMT attitude self efficacy and students pdf - Self-efficacy is an individual's belief in their innate ability to achieve goals. Albert Bandura defines it as a personal judgment of "how well one can execute courses of action required to deal with prospective situations". Expectations of self-efficacy determine whether an individual will be able to exhibit coping behavior and how long effort will be sustained in the face of obstacles.
