News - Overview.

Printmaking techniques are
generally divided into the
following basic categories:
Relief, where ink is applied
to the original surface of the
matrix. Relief techniques
include woodcut or
woodblock as the Asian
forms are usually known,
wood engraving, linocut
and metalcut.; Intaglio,
where ink is applied
beneath the original surface
of the matrix. Printmaking

- Wikipedia - The kimono

([ç•€ç%©, ã•ã,ã•®](#)) is a
traditional Japanese

garment. Kimono was
basically derived from the
Chinese hanfu of the Wu
region in Jiangnan, China.

Kimono (ki: wear + mono:
object = "worn object",
"object that is worn")

means garment and has
come to denote these
full-length, usually robes.

The standard English plural
is kimonos, but the
unmarked Japanese plural
kimono is also used.
