Tue, 16 Apr 2019 21:47:00 GMT walled gardens pdf - A closed platform, walled garden, or closed ecosystem is a software system wherein the carrier or service provider has control over applications, content, and media, and restricts convenient access to non-approved applications or content. This is in contrast to an open platform, wherein consumers generally have unrestricted access to applications and content.

Tue, 28 Aug 2018 18:36:00 GMT Closed platform - Wikipedia - A walled garden is a garden enclosed by high walls for horticultural rather than security purposes, although originally all gardens may have been enclosed for protection from animal or human intruders. In temperate climates, the essential function of the walls surrounding a walled garden is to shelter the garden from wind and frost, though they may also serve a decorative purpose.
